

NASRALLAH
DESIGN GROUP, INC

SPACING CORRESPONDS TO CROWN REPEAT

Nasrallah Design Group has been designing award-winning commercial and residential projects worldwide for over 25 years. We are deeply committed to design excellence. We strive to produce designs that possess propriety, timelessness, and beauty. This requires a disciplined approach that takes into account, not just the necessities of the program and budget, but also the project's physical context, its cultural setting, and the art of building. We believe that the best design transcends style and function to express the magic of making a place in the world.

Mark Nasrallah is the Principal Architect and founder of Nasrallah Design Group, which was developed in 1981. Mark received his Master's degree in Architecture from the University of Florida. Mark is a third generation in the building industry, and has brought that knowledge in leading his firm of talented individuals to excel in architectural innovation and design. Over the past 27 years, Mark has focused his business in residential architecture, interior design and commercial design with projects spanning across the United States, including international projects in Dubai, Egypt, Argentina, Bolivia, and the Caribbean.

Nasrallah Design Group structures their design on the original historical architecture to create new, yet timeless works of art. Mark enjoys any challenge, and strives to accomplish exactly what his clients' are looking for. From the first client meeting, to seeing the project come together, he is there first-hand to facilitate the process. Nasrallah Design Group's clientele includes entertainment and sports industry professionals, as well as fortune 500 CEO's and leading politicians.

The firm's area of focus includes:

- | | |
